Descripción

The GG06TC combines telescopic reach (2800 mm lifting, 2450 mm dump height) with an enclosed heated cabin. Powered by Kubota 25 HP with 600 kg capacity and 0.4 m³ bucket at 1670 kg. Attachments include bale forks alongside standard options. Perfect for agricultural operators, construction professionals, and municipal teams who need high-reach loading capability with year-round cabin comfort for demanding all-season work across varied conditions.
