Altura	2200 mm

Descripción

The GT1150C is a value-packed 1150 kg mini excavator with heated cabin, movable arm, and expandable tracks, powered by a Koop 7 kW engine. It offers excellent operator comfort and versatile features at a competitive price point. Well-suited for small contractors, property maintenance teams, and municipal departments who need an enclosed, all-weather machine for light to medium excavation without the premium cost of a Kubota-powered model.
