## Descripción

The GT JAPAN1000J is the enhanced edition of the JAPAN1000J, weighing 1035 kg with a Kubota 14 HP engine, joystick controls, movable arm, expandable tracks, and two-speed travel. It offers slightly more weight for added stability while retaining the agility and precision of the JAPAN series. Designed for professional operators who need a refined, versatile mini excavator with modern controls and fast travel capability for diverse job sites.
